☎ 9360263737

Experienced web developer skilled in HTML, CSS, JavaScript, PHP, and MySQL, with a focus on building dynamic and user-friendly applications. Successfully delivered projects like Finance Tracker ERP, School Websites, WhatsappBot, E-commerce Platforms, and Complaint Portals. Proficient in creating responsive designs, secure backends, and optimizing performance. Passionate about solving real-world problems with scalable and efficient solutions. Adept at meeting deadlines and exceeding client expectations.

Experience

WORK AT RAIBS INFO TECH SOFTWARE DEVELOPING COMPANY

Developed and Maintained Web Applications: Designed and deployed web applications using HTML, CSS, JavaScript, PHP, and MySQL, ensuring high performance, security, and scalability.

Finance Tracker ERP: Designed and developed a robust Enterprise Resource Planning (ERP) system to manage financial transactions, budgeting, and reporting.

School Website: Created a feature-rich, responsive school website with an intuitive user interface for students, parents, and administrators.

WhatsappBot: Developed a feature-rich WhatsApp bot with automated responses, API integration, and interactive workflows to enhance user engagement and streamline processes.

E-commerce Website: Built a fully functional e-commerce platform with features like product catalog, shopping cart, secure payment gateway integration, and order tracking.

Complaint Portal: Designed an interactive portal for complaint management, allowing users to register, track, and resolve grievances efficiently.

"I have experience in web hosting, including server management, domain setup, and website deployment."
